DISMISSAL¹

On October 20, 2017, Mark Ferrara ("Petitioner") filed a petition for compensation under the National Vaccine Injury Compensation Program² ("Vaccine Program" or "Program"). 42 U.S.C. § 300aa-10 to 34 (2012). Petitioner alleged that he developed a shoulder injury related to vaccination administration ("SIRVA") as a result of the influenza ("flu") vaccine he received on October 20, 2014. Pet. at 1, ECF No. 1. The information in the record, however, does not show entitlement to an award under the Program.

On October 07, 2019, Petitioner filed an unopposed motion for a decision dismissing her petition. ECF No. 47. In his motion, Petitioner conceded that "[a]n investigation of the facts and science supporting [this case] has demonstrated to Petitioner that he will be unable to prove that she is entitled to compensation in the Vaccine Program." *Id.* at 1. He continued, "to proceed further would be unreasonable and would not provide an efficient use of the resources of the

Further, consistent with the rule requirement, a motion for redaction must include a proposed redacted decision. If, upon review, the I agree that the identified material fits within the requirements of that provision, such material will be deleted from public access.

court, the Respondent and the Vaccine Program.” *Id.* Respondent had no objection to Petitioner’s motion. *Id.* at 2.

To receive compensation under the Program, Petitioner must prove either (1) that he suffered a “Table Injury”—i.e., an injury falling within the Vaccine Injury Table—corresponding to the vaccination, or (2) that she suffered an injury that was caused by a vaccine. *See* §§ 13(a)(1)(A), 11(c)(1). An examination of the record did not uncover any evidence that Petitioner suffered a “Table Injury.” Further, the record does not contain persuasive evidence that Petitioner’s alleged injury was caused by the flu vaccine.

Under the Act, petitioners may not be given a Program award based solely on their claims alone. Rather, the petition must be supported by medical records or the opinion of a competent physician. § 13(a)(1). In this case, the medical records are insufficient to prove Petitioner’s claim, and Petitioner has not filed a supportive opinion from an expert witness. Therefore, this case must be **dismissed for insufficient proof. The Clerk shall enter judgment accordingly.**³

IT IS SO ORDERED.
